

**pips's tiny revolution.**

**pledge 1.**

i am more than just a number.

i am not defined by a test.

this test does not assess the things that matter most.

it does not assess my curiosity.

my generosity.

my respect for diversity.

it does not assess my empathy.

or creativity.

or positivity.

these are the things that matter in life.

**pledge 2.**

i pledge to be my own person.

i am more than a number.

i am in control of my own future.

this is not what defines me.

i am free to believe.

i will negotiate and collaborate.

as i sit down and take the test.

i remember that it does not change who i am.

**written by school children from penrhos college, como, western australia.**

**#14. pre exam pledge.**
